

You're In Clean, Safe Hands At Railway Karting

Go karting, unlike some leisure activities, requires participants to wear several pieces of mandatory, protective kit. Balaclavas, helmets, race-suits and gloves, all help to limit contact between people. Further, the number of customers racing with us at any one time is limited by the number of karts we put on the track. This reduces the number of people in the building at any one time.

These facts, combined with the significant actions we have taken to ensure we provide a clean, safe and hygienic environment, means we believe it is safe for customers to race with us.

Here are just some examples of what we are doing:

- Balaclava's & gloves are compulsory for all drivers. Customers may bring their own or purchase them from us on the day.
- Every customer will now be allocated a helmet for their exclusive use during their entire visit to Railway Karting. Our team members will ensure that every helmet and visor is sprayed with anti-bacterial helmet sanitiser, confirmed as effective against Covid 19 after every use.
- Our team members have been regularly briefed on the importance of maintaining good hygiene standards, frequently washing their hands and using hand sanitizer.
- We have increased the frequency of cleaning throughout the day, using antibacterial cleaning products that are effective against Covid 19. Specific areas of focus are; hard surfaces, hand rails, door handles, toilets and karting equipment.
- We have multiple anti-bacterial hand sanitiser stations at every venue, dispensing alcohol based hand gel, confirmed as effective against Covid 19.

What can you do to help when visiting a Railway Karting?

- We strongly urge all customers visiting our venues to practice good hygiene and use the hand sanitizers made available as soon as they enter the venue.
 - Frequent washing of hands with soap, for a duration of 20 seconds or longer, during your time at the venue.
 - Catch your cough or sneeze in a tissue and bin it, then wash your hands with soap.
- We hope that this information will reassure our customers that you can visit Railway Karting as planned and enjoy your experience with peace of mind.
